

IACRA Walkthrough: SOE Limitation Removal

How to build your IACRA application to remove the Supervised Operating Experience (SOE) limitation.

Before your appointment, scan and email the following to thomas@daytonadpe.com:

- Pilot Certificate (front and back, clear scan)
- Current FAA Medical Certificate
- Current Photo ID (passport, Driver's License, or Military ID preferred)
- FTN Number from IACRA

Step 1 — Log in to IACRA and open the Applicant Console

Sign in at iacra.faa.gov with your FAA Account credentials. The Applicant Console is your starting point. Personal identifiers in this screenshot have been redacted; yours will display your information.

The screenshot displays the IACRA Applicant Console interface. At the top, a yellow banner provides a warning about birth date accuracy. The main area is divided into sections: 'Start New Application' with buttons for 'Start New Application' and 'Start Foreign License Verification Process'; 'Your Existing Applications' with a table of application details; and 'Airman Information' with a table of personal and certification data. A left sidebar contains navigation links for Console, User Profile, Add Role, Change Role, Remove Role, Edit Preferences, Change Password, Home, What's new in IACRA, Frequently Asked Questions, Aircraft Search, Site Feedback, Contact Us, Training and Documentation, Helpful FAA Links, Available Certifications and Ratings, and Current Registry Processing Dates.
